

ENGINEER TRAINING

DISPATCH PHONE: 503-650-7721

EMAIL: deanna@iuoe701.com Website: www.oetraining.org

2017 - 2018 Class Schedule

REGISTRATION INFORMATION

***** OETC is located at [12995 Macksburg Rd., Canby, OR. 97013.](#)**

Any 701 member in good standing may register for the Safety Classes (Forklift, Crane Refresher, Hazmat, CPR/ First Aid, etc.) at any time up to 2 weeks prior to class date ***providing there are seats available.***
Minimum class size is required and if not met, classes may be canceled and / or rescheduled.

Journeymen in good standing (and working for participating employers) wishing to register for Training Classes must do so by calling the IUOE Local 701 Dispatch Office at 503-650-7721. Please have your contact information ready when you call.

In the event any particular class is full at the time of your call, we will maintain a back-up list. You may sign up for a total of two (2) backup classes as available. Should we then have a vacancy develop in a class, we will call you to see if you are interested in attending at that time.

Signing up for an equipment session does not mean that you will obtain a TSP on a piece of equipment. Primary journeyman training seats are reserved for those who do not hold a TSP.

Individuals who are unable to attend their scheduled class must notify the Dispatch office no less than 2 weeks prior to the class date. This allows us to notify journeymen on the backup list giving them time to plan for their attendance. ** If you are a no call / no show for class, your name may be removed from the list for all additional classes during this training period.* Call Dispatch office with cancellations 503-650-7721.

PLEASE NOTE : DRUG TESTING IS REQUIRED TO ATTEND RELATED TRAINING

The Operating Engineers Training Center is a drug free establishment. Our drug testing procedure has changed. You will be required to take your drug test a few days prior to your first day at training. Local 701's dispatch office will mail you this information prior to your attendance in class.

OSHA 10 and First Aid/CPR certifications are now required per changes to the Master Labor Agreement effective January 1, 2016 with regards to obtaining Group 1 status, and retaining the ability to be requested by a new contractor by name. All members should take both OSHA 10 and First Aid/CPR to come in compliance with these new requirements in the Hiring Hall language.

SAFETY TRAINING CLASSES

C-STOP 8hr and 4hr Refresher

C-STOP Training is being outsourced to community colleges and other groups. You can check out the classes available by going to the website www.cstop.org. Training reimbursement is available with proof of completion (copy of card) and receipt with cost for class listed. Submit copies to Dispatch Office by email or fax for reimbursement deanna@iuoe701.com or 503-650-7715 fax.

Competent Person

This safety and training class is provided to journeymen and apprentices who wish to qualify under the OR-OSHA regulations as a Competent Person in trenching and excavation work settings.

<u>Date</u>	<u>Time</u>	<u>Location</u>
November 27, 2017	8:00am - 4:00pm	Canby Training Center
December 11, 2017	8:00am - 4:00pm	Canby Training Center

HazMat & HazMat Refresher

The HazMat basic class is 40 hours in length. Completing this class successfully gets you your HazMat Card and complies with the OSHA HAZWOPER requirements. It has to be renewed each year to remain in effect. The HazMat Refresher is eight hours in length and permits individuals currently holding a HazMat Card to renew it for one year.

<u>Date</u>	<u>Core Class</u>	<u>Location</u>
40hr – January 8-12, 2018	<u>Time</u> 8am – 5pm	Gladstone Union Hall

<u>Date</u>	<u>Refresher Class</u>	<u>Location</u>
8hr refresher– January 6, 2018	<u>Time</u> 8am – 5pm	Gladstone Union Hall
8hr refresher – January 13, 2018	<u>Time</u> 8am – 5pm	Gladstone Union Hall

CDL Drive Test Scheduling

Individuals must live in Oregon and have a current CDL Instructional Permit, DOT Medical Card and sufficient on road and truck with trailer drive time. Please call OE Training to schedule the third-party practical driving test. Non refundable 3rd party fees will apply, call for current prices. *Please call training for further details 971-230-4092*

IUOE National Pipeline Training schedule is now available for registration beginning in October 2017 and ending in May 2018.

Individuals interested in pipeline training must be sponsored and registered by their Local. If you are interested in learning more about this training program, you may go online www.iuoe.org and look under the training tab for pipeline training. Students must already be accomplished equipment operators to be eligible for this pipeline training. You may also call Deanna at Local 701 for more specific information about when and where the classes will be held this year, and how to register. (503) 650-7721.

If you are willing to travel, there will be classes available near us. The ones closest to us this year are in Washington, Northern California, Nevada or Colorado.

CPR/First Aid

First Aid. Learn how to recognize and respond to an emergency, and give care to help sustain life and minimize the consequences of injury or sudden illness until medical help arrives. Classes teach you to identify and treat shock, control bleeding, care for a muscle, bone or joint injury, care for a head, neck or back injury, stroke, and respond to diabetic emergencies, heat and cold related emergencies, poisoning and allergic reactions. Students receive a First Aid certificate valid for two years.

CPR/First Aid (continued)

Cardiopulmonary Resuscitation (CPR). Learn to care for conscious and unconscious victims, using cardiopulmonary resuscitation. Students receive a CPR certificate valid for two years.

National Commission for the Certification of Crane Operators (NCCCO)

Engineer Training Center is offering NCCCO classes ONLY to those 701 members who are in good standing, attend training and register for the test(s) through the Training Center. NCCCO Written and Practical tests will be offered pending participation and industry need. Please call the IUOE 701 Dispatch office to place your name on the notification list to be advised of the registration deadlines, training and testing dates. You may wish to visit the NCCCO web site at www.nccco.org for detailed information on the program.

Our next scheduled NCCCO written exam will be on January 27, 2018. Applications and money will be due to the Union Hall on or before December 26, 2017 . Call Local 701's Dispatch office to have materials sent to you. Candidates will be registered for the test once their paperwork and monies are received.

Prep / Study classes will be held on:

<u>Date:</u>	<u>Time:</u>	<u>Location:</u>
January 18, 2018	5:00 PM to 9:00 PM	Gladstone Union Hall
January 19, 2018	5:00 PM to 9:00 PM	Gladstone Union Hall
January 20, 2018	8:00 AM to 12:00 PM	Gladstone Union Hall

The next available NCCCO exams will be scheduled for June 2018 and approximately January 2019. Please plan your re-certification exams with those dates in mind.

OREGON CRANE SAFETY CARD CLASS

Eight Hour Core Class: Those successfully completing the course will receive a new three year crane safety card with the appropriate endorsements. **Must have documented 1500 hours of crane related work in the last 5 years.**

<u>Date</u>	<u>Times</u>	<u>Location</u>
December 16, 2017	8am – 4:30pm Eight Hour Core	Gladstone Union Hall

Forklift Safety Card Refresher

This class is for an operator whose Forklift Safety Card is due to expire. This four-hour class will be held at the Engineer Training Center on the dates listed below. New Forklift Safety Cards will be issued to those who successfully complete the class.

<u>Date</u>	<u>Times (Morning or Afternoon)</u>	<u>Location</u>
November 27, 2017	8am – 12pm 1pm – 4pm	Canby Training Center
November 28, 2017	8am – 12pm 1pm – 4pm	Canby Training Center

Forklift Safety Card Core Class

This three-day course is for those operators who have not yet obtained their OSHA required Forklift Safety Card. FL classes will be held at the Engineer Training Center. In order to receive the Forklift Safety Card, participants must demonstrate that they have met the requirements of the OR-OSHA rules. Scheduled classes may be cancelled due to lack of participation.

<u>Date</u>	<u>Time</u>	<u>Location</u>
November 29 – December 1, 2017	8:00am – 4:00pm	Canby Training Center

Elevator/Manlift Safety Training

This 4 hour course is designed for operators who would like to learn the skills needed for safe operation and maintenance of elevators and/or manlifts.

<u>Date</u>	<u>Time</u>	<u>Location</u>
October 28, 2017	8am – 12pm	Gladstone Union Hall or TBD
November 18, 2017	8am – 12pm	Gladstone Union Hall or TBD

Local 701 Rigging and Signaling Class

<u>Date</u>	<u>Time</u>	<u>Location</u>
December 4 -5, 2017	8:00 – 4:00pm	Canby Training Center
December 6 -7, 2017	8:00 – 4:00pm	Canby Training Center

Local 701 Rigging and Signaling Refresher Class

This 2-hour refresher will renew previously issued 701 Rigging and Signaling cards.

<u>Date</u>	<u>Time</u>	<u>Location</u>
February 10 th , 2018	8:00am – 10:00am	Gladstone Union Hall
March 3 rd , 2018	8:00am – 10:00am	Gladstone Union Hall
April 7 th , 2018	8:00am – 10:00am	Gladstone Union Hall

Journeyman TSP (Shotgun) Testing

Pre-requisite: Must Pass Written Grades and Equipment exam first

Training Standards Project (TSP) exams will be given in sets of three for those journeyman who are already highly skilled operators and would like the opportunity to move from the “B” or Group 2 list up to the “A” or Group 1 list.

Choices for testing will be limited to the following equipment for excavation operators: Loader, Dozer, Excavator, Backhoe or Roller. Crane operators may choose from the Hydrocrane, Conventional Crane, Boomtruck, Tower Crane, or Forklift.

Fail one test and you are done with TSP (shotgun) testing. You will be referred back to the hall to sign up for regular journeyman upgrade training classes offered between January and March 2018. See below for class length and availability in the schedule.

4 days will be allocated for completion of the 3 equipment exams. This will include a written (specific to that piece of equipment) and practical exam. No extensions beyond the 4 days will be given for this type of testing. If more time is needed, the individual will need to register for regular journeyman upgrade classes later in the winter.

The required Grades and Stakes exam can be taken by appointment at the union hall prior to registration for TSP testing. This initial exam consists of 45 questions. Covering a variety of questions about job site grade, including grade and stake reading. Upon successful completion of the Grades and Stakes test, you may register for TSP testing. Crane students will have a written test as well to include rigging and signaling material.

The class will be limited to 5 excavation students and 3 crane students. Additional shot-gun students could be scheduled at other times between January and March as determined on a case by case basis.

December 18 – December 21, 2017	8:00am – 4:00pm	Canby Training Center
---------------------------------	-----------------	-----------------------

JOURNEY UPGRADE TRAINING EQUIPMENT

(All classes are held at the Engineer Training Center and run from 8:00am to 3:30pm)
Work boots required at OETC. Bring rain gear as well.

Individuals who are unable to attend their scheduled class must notify the Dispatch office no less than 2 weeks prior to the class date. This allows us to notify journeymen on the backup list giving them time to plan for their attendance.

All equipment operators are expected to have a working knowledge of grade including the reading of grade stakes. All individuals registering for equipment training will be tested for these skills during equipment training.

Journeymen may only sign up for one equipment category and place their name on the back-up list for two other categories. ***Signing up for an equipment session does not mean that you will be placed on any other equipment other than the category for which you registered.***

Asphalt Training

Paver/Screened/Asphalt Roller training: This class is intended for operators who have little or no asphalt experience.

Date	Time	Location
Spring 2018	TBD	Canby Training Center

Grades & Stakes Class

This 40 hour course is designed for operators with limited or no understanding of grade. This class will cover slopes, stake reading, layout and grade checking instruments.

November 27 – December 1, 2017

GPS Refresher (1 to 5 days)

For students with previous GPS experience.

November 27 – December 1, 2017

GPS for Operators *

This 40-80 hour class will include basic Topcon GPS-Rover training and one or more of the following:

- Grade Control for Excavator (2D Sensor)
- Machine control for Dozer (GPS)
- Machine control for Grader** (GPS/Laser)
- Advanced Rover functions (GPS)

*Attendees must be present and on-time during the first 3 days of class to continue with GPS training. Students not able to meet this requirement will be dismissed for the duration of this session.

**Machine control for Grader will begin the 2nd week, but attendees must be present the 1st week as well.

December 11 -22, 2017	February 5 -16, 2018
January 22 – February 2, 2018	February 19 – March 2, 2018

Excavator

This class is intended for operators who have little or no experience.

January 8 -19, 2018	February 19 – March 2, 2018
January 22 – February 2, 2018	March 5 – 16, 2018
February 5 – 16, 2018	

Backhoe (1 week)

This class is intended for operators who have little or no experience.

January 22 – 26, 2018	February 19 – 23, 2018
February 5 – 9, 2018	

Loader (1 week)

This class is intended for operators who have little or no experience.

January 8 – 12, 2018	January 22 -26, 2018
February 5 – 9, 2018	February 19 -23, 2018
March 5 – 9, 2018	

Dozer for Beginners

This class is intended for operators who have little or no experience.

January 8 -19, 2018	February 19 – March 2, 2018
January 22 – February 2, 2018	March 5 – 16, 2018
February 5 – 16, 2018	

Grader (1 week)

This class is intended for operators who have little or no experience.

January 8 – 12, 2018	January 22 -26, 2018
February 5 – 9, 2018	February 19 -23, 2018
March 5 – 9, 2018	

NOTE: The following courses are designed to meet the training requirements as set forth by OAR-437-003-0081.

Hydro Crane Training

January 8 -19, 2018	February 19 – March 2, 2018
January 22 – February 2, 2018	March 5 – 16, 2018
February 5 – 16, 2018	

Conventional Crane

January 8 -19, 2018	February 19 – March 2, 2018
January 22 – February 2, 2018	March 5 – 16, 2018
February 5 – 16, 2018	

Tower Crane (1 week only)

This is intended for experienced mobile crane operators with a current NCCCO crane card who want to learn basic remote tower crane operations. Additional instruction will include belling and signaling for tower crane work.

January 15 - 19, 2018	January 29 – February 2, 2018
February 12 – 16, 2018	February 26 – March 2, 2018

Lattice boom Crawler Piledriving Training (2 weeks)

This is intended for experience mobile crane operators with a current NCCCO crane card who want to learn basic piledriving techniques and operations.

This class is run in conjunction with the Northwest Carpenters and their pile buck training.

Students attend class for 4, 10 hour days. Students must be willing to operate, oil and run the forklift during this class. Limited to 3 students.

March 12 – 22, 2018

September 10 – 20, 2018
